SECOND FOLLOW-UP MEETING, HUMAN RESOURCES PROGRAM, FDD

The second follow-up meeting for the three groups of supervisors who have participated in the Human Resources Program in FDD will be held respectively on Wednesday 10 June, 17 June, and 24 June, at 10:30 a.m.

You may recall that at the first follow-up meeting early in April, we discussed formal and informal organization based on MANAGEMENT AND THE WORKER by Roethlisberger and Dickson, - the famous Hawthorne Works investigations. It was decided in April to discuss Multiple Management at the second follow-up meeting.

THE POWER OF PEOPLE by Charles P. McCormick, written in 1949, is the most stimulating book that I have come across in the field of management generally. In this very short book, Mr. McCormick has set forth a philosophy of management and has outlined the type of program that he has sponsored during the past twenty years of multiple management in the McCormick Company, Baltimore. His program has attracted world-wide attention.

Twenty copies of THE POWER OF PEOPLE are in [] office for your use for one week only.
